NYHET: Norgren ELION kolvstångslös cylinder

Med snabbare linjära rörelser och längre slaglängder

Norgren ELION kolvstångslös cylinder erbjuder precis kontroll med hög repetitionsnoggrannhet, enkel installation och reducerad total ägandeekostnad.

Den kolvstångslösa cylindern passar i de flesta industriapplikationer och finns både i remdrift och kulsskruvsutförande för att kunna optimeras efter applikationsbehov.

Precis och repeterbar: Precisionskulskruv uppnår +/- 0,05 mm. Remdrift uppnår +/- 0,1 mm.

Hög hastighet och snabb respons: Remdrift erbjuder snabb acceleration och en mycket dynamisk kontroll upp till 10 m/s. Ett urval av växellådor ger möjlighet att välja olika hastighetsområde.

Hög belastningskapacitet: Precisionskulskruv klarar höga belastningar.

Konfigurera online: Vår konfigurator gör det att snabbt och enkelt att välja rätt variant, baserat på applikationens specifikationer.

Ytterligare information kan rekviseras från Norgren på telefon 40 595 100, www.norgren.com/se eller via e-post på SEnorgren@imi-precision.com.

About Norgren

A well-respected world leader in motion control and fluid technology, Norgren is ideally placed to unearth Breakthrough Engineering solutions and play an active role in important industry sectors that contribute to the quality and success of everyday life. Norgren offers insight, technical excellence and, a collaborative approach, to help our customers forge a brighter future. Norgren's reputation rests on a world-class portfolio of high-performance products comprising of Buschjost, FAS, Herion, Kloehn, Maxseal and Thompson Valves; and an ability to deliver exceptional local service. Part of the £1.8 billion engineering group IMI plc, Norgren has a sales and service network in 75 countries, technical centres in the USA, Germany, UK and China, and manufacturing facilities around the world.

About IMI plc

IMI plc, the specialist engineering company, designs, manufactures and services highly engineered products that control the precise movement of fluids. Its innovative technologies, built around valves and actuators, enable vital processes to operate safely, cleanly, efficiently and cost effectively. The Group works with industrial customers across a range of high growth sectors, including energy, transportation and infrastructure, all of which are benefiting from the impact of long-term global trends including climate change, urbanisation, resource scarcity and an ageing population. IMI employs around 11,000 people, has manufacturing facilities in more than 20 countries and operates a global service network. The Company is listed on the London Stock Exchange.

IMI, Norgren, Buschjost, FAS, Herion, Kloehn, Maxseal and Thompson Valves are registered trademarks of IMI and Norgren companies.
